

## British Punch

Rub  $\frac{1}{2}$  pound of sugar lumps on the rinds of 4 lemons and 1 orange to extract the oil until the sugar is sufficiently saturated with the essence of the rinds.

Place lumps in a 2 gallon bowl

Thinly pare the rinds of 2 additional lemons and 1 orange.

Add the parings to a bowl.

Add

2 cups fine sugar dissolved

1 cup boiling water

Juice of all the above fruit

$\frac{1}{5}$  gallon Jamaica Rum

1 pint Brandy

Stir cover and allow to set for several days to blend flavors.

To serve, add as much cold water "as conscience dictates". Serve in wine or other glasses
